Memorandum for Consideration by the State Department Intelligence Advisory Board 83pp.				LOCATION: HS/HC-140-B Item 2

ABSTRACT

This item concerns the organization of intelligence research in the State Department. It describes the research process and its scope; the advantages of a unified intelligence organization; inter-agency relationships; evaluation of collected material; organization of intelligence offices; and information services. It summarizes the proposed transfer of State Department and IRIS (Interim Research* and Intelligence Service*) units. Finally it details the organization and functions of the office for Research and Intelligence, and the Office of Intelligence Collection and Dissemination*** and their subdivisions.
